

COACHES INFORMATION SHEET

The *Blue Cross and Blue Shield of Alabama Kids Mercedes-Benz Marathon* is not a Fun Run. Even though it is fun, it's an innovative five-month endurance building running/walking program for K-5th graders. Our goal is to assist children in building endurance, setting & accomplishing long-term fitness goals, and enhancing their self-esteem while teaching them valuable lessons about making health and fitness a regular part of their life. We have outlined steps to make the training months successful and easy for coaches, students and parents. We hope you adapt these steps to your school and your curriculum.

We encourage each school to select one coach or volunteer parent as the key contact with us for your involvement. You might also consider recruiting a parent to assist you with coordination and communication within the school. We will communicate with you via email as needed. Each school coordinator will be provided with the school's participant list to help manage log sheet turn-in and packet pickup/distribution.

Suggestions to Increase School Participation

- Begin communications with students and parents now that you will be participating as a school.
- Start your training with a “timed” mile so kids can measure their fitness level now against their time at the end of their training.
- Put information in the school newsletter to parents.
- Send information home to each student. We will provide a reminder card that you can send home with each student prior to registration closing. All cards will be delivered in the month of October with your coaches shirts.
- Keep a running mileage log at school in a highly visible place: hallway, entry bulletin board, etc.
- Designate a specific running day at school during P.E. such as a “Mercedes Monday” or “Training Tuesday.” This way, parents and children will know that a certain day is a running day to wear their running shoes and comfortable clothes.
- Have mystery or guest runners come to the school and run with the kids. This could be a parent, teacher, local fireman or policeman, high school or college athlete. The kids love this!
- Challenge the kids by making a fun bet with them. One teacher bet “if 300 students sign up, I’ll run the marathon in pink running shoes”...and he ended up with a darn fast time in those shoes!
- Create a video of the children training over the next few months to show just before race day.
- Organize race day activities for your school. (e.g. meeting before the race, group photos, etc.)

Registration

- Have the parents register their child online at www.mercedesmarathon.com. Be sure to tell the parent to print out their confirmation email and return to you so you can keep a list of your officially registered participants. Online registration is \$25 plus a small service fee from Run Sign Up.
- If your school needs a hard copy registration form, please contact laura@bhmevents.com.

Log Sheets

Log sheets are used to document the mileage your students have run. A total of 25.2 miles must be completed on the log to be eligible for race day participation. Miles must be completed, and log sheet documentation **MUST** be turned in by **January 26, 2023** to be eligible on race day. Our suggestion for keeping this process simple is to create a single log sheet that certifies all students at your school have completed their required miles. You may download a log sheet at www.mercedesmarathon.com. Be sure to let the kids and parents know that you are keeping the log for them. **If possible, it is preferred by us that you notify us via an email stating that all kids registered at your school have completed the necessary mileage to participate on race day.**

12:10 p.m. Children Running with Registered Parents – All grades K-5

Parents must be registered by November 15 to run. For safety purposes, parents must wear an official “Parent” race bib to be on the course. Registration cost is \$10 for the race bib and **does not** include a shirt. **We understand there are various reasons a parent may need to run with their child, be we’re encouraging parents to allow their children to complete their goal by themselves with their classmates. This is their child’s time to shine!!!**

Parents will NOT be allowed to run with strollers or unregistered younger siblings during the event on race day.
